

76° CONVEGNO SISVET

PROGRAMMA DETTAGLIATO

ORAL SOCIETÀ - AIPVET

ORAL SOCIETÀ - AIPVET

*Sala Libeccio (Giulia Centre)**Moderano:*

- **Prof.ssa Chiara Giudice**
- **Prof.ssa Frine Eleonora Scaglione**

11.00 - 11.15

- **Bertola L., Valenti A.G., Canesi S., Cappelleri A., Scanziani E., Minoli L., Recordati C.**

Immunohistochemical characterization of cells of the mononuclear phagocyte system in the mouse

11.15 - 11.30

- **Biagini L., Galosi L., Berardi S., Roncarati A., Mari S., Grifantini V., Rossi G.**

Tissue-resident macrophages and yolk sac erythro myeloid progenitors activity: the effect of in ovo administration of a live and inactive mixture

11.30 - 11.45

- **Canesi S., Bianchi D., Longo M., Tamborini E., Messina M., Zanzottera V., Russo M., Bernardi C., Recordati C.**

Preclinical assessment of the CNS toxicity in paediatric subjects: histological, histochemical and immunohistochemical evaluation in Sprague Dawley newborn rats

11.45 - 12.00

- **Cappelleri A., Canesi S., Bertola L., Capo V., Zecchillo A., Martini V., Moretti P., Villa A., Recordati C., Scanziani E.**

Development of a standardized protocol for assessing immunodeficiency in mouse models

12.00 - 12.15

- **Cuccato M., Divari S., Giannuzzi D., Moretti R., Leroux C., Sacchi P., Cannizzo F.T**

Subclinical mastitis regulation by extracellular vesicles miRNAs in dairy cows

12.15 - 12.30

- **Spadotto L., Cavicchioli L., Cattarossi D., Marchiori E., Centelleghè C.**

Pathological findings in captive snakes from private enclosures in the North-east of Italy

ORAL SOCIETÀ - AIPVET

12.30 - 12.45

- **Ferretti L., Moccia V., Centelleghes C., Venerando A., Dettin M., Sieni E., Caicci F., Castagnaro M., Zappulli V., Mazzariol S.**

Comparison and assessment of 3D *in-vitro* models of bottlenose dolphin (*Tursiops truncatus*) cell lines on novel collagen-free scaffolds and on Matrigel

12.45 - 13.00

- **Graic J.M., Corazzola G., Gerussi T., Orekhova K., Centelleghes C., De Vreese S., Di Bello A., Ciccarelli S., Grattarola C., Petrella A., Lucifora G., Mazzariol S.**

Dolphin and Sea Turtle necropsy and virtual reality: exploring open source and free 3D software tools

13.00 - 13.15

- **Power K., Papa G., Negri I., Maiolino P.**

Histopathological findings in *Orthonychiurus folsomi* following oral exposure to brake system wear particulate matter

13.15 - 13.30

- **Tognoloni A., Bartolini D., Porcellato I., Di Meo A., Pepe M., Galli F., Chiaradia E.**

Platelet Rich Plasma (PRP) induces activation of Nrf2-mediated antioxidant defense response in equine tenocytes exposed to hydrogen peroxide (H₂O₂): an *in vitro* study

Sala Levante (Giulia Centre)

Modera:

- **Prof.ssa Valentina Zappulli**

14.30 - 15.30

MAIN LECTURE

Recent update in liver pathology

- **Dr. John M. Cullen**

ORAL SOCIETÀ - AIPVET

Sala Levante (Giulia Centre)

Moderano:

- **Prof. Orlando Paciello**
- **Prof.ssa Alessandra Sfacteria**

15.30 - 15.45

- *Viani A., Orusa T., Divari S., Lovisolo S., Zanet S., Borgogno-Mondino E., Orusa R., **Bollo E.***

Bartonella spp. distribution assessment in red foxes (*Vulpes vulpes*)
coupling geospatially-based techniques

15.45 - 16.00

- **Cornaggia M., Merenda, M., Vio D., Gastaldelli M., Conci V., Righetti V., Bottinelli M., Sandri G., Catania S.**

Swine conjunctivitis sustained by *Mycoplasma* sp. 1654_15. a novel species closely related to *Mycoplasma hyorhinis*

16.00 - 16.15

- *Buonocore M., **De Biase D.**, Sorrentino D., D'Ursi A.M., Giordano A., Paciello O.*

The role of Feline Leukocytes Antigens (FLAs) in cats' susceptibility to Coronaviruses infection: a bioinformatic investigation

16.15 - 16.30

- **Vaccaro E., Russo V., Salanti G.V., Miletta G., Santoro P., Papparella S., Paciello O.**

Feline coronavirus-associated Inflammatory myopathy in cat: a preliminary study

16.30 - 16.45

- *Ippolito D., Srikanthithasan K., Colombino E., Miani G., Diaz Vicuna E., Miniscalco B., Bergagna S., Gariglio M., Fiorilla E., Schiavone A., Forte C., **Capucchio M. T.***

Replacing soy and corn with bakery-by-product: is former foodstuffs recycling sustainable for poultry health and production?

16.45 - 17.00

- **Giacomazzo M., Gelain M., Cavicchioli L., Mazzariol S., Zappulli V., Castagnaro M.**

Innovative Digital teaching Techniques in Veterinary Pathology: review of the literature and perspective studies

ORAL SOCIETÀ - AIPVET

Sala Grecale (Giulia Centre)

09.00 - 11.00

ASSEMBLEA SOCI AIPVET

Sala Grecale (Giulia Centre)

Modera:

- **Prof.ssa Paola Roccabianca**

16.30 - 17.30

TEACHING COURSE

Tips and tricks in diagnostic liver pathology

- **Dr. John M. Cullen**
-

ORAL SOCIETÀ - AIPVET

Sala Europa

Moderano:

- **Prof.ssa Valeria Grieco**
- **Prof.ssa Raffaella De Maria**

08.30 - 08.45

▪ **Giambrone G., Vullo C., Puleio R., Rifici C., Marino G., Sfacteria A.**
Hemosiderin-laden macrophages in canine mammary tumours

08.45 - 09.00

▪ **Martano M., Power K., Altamura G., Restucci B.**
Expression of carnitine palmitoyl transferase 1A (CPT1A) in equine sarcoid: a preliminary study of metabolic reprogramming

09.00 - 09.15

▪ **Parisi F., Pecorari A., Aurisicchio L., Poli A., Millanta F.**
A preliminary evaluation of the prognostic role of HER-2 and HER-3 immunohistochemical expression in canine melanoma

09.15 - 09.30

▪ **Sgadari M., Martano M., Ferrara G., Restucci B.**
Effects *in vitro* of SIRT1 inhibition in canine mammary tumors

09.30 - 09.45

▪ **Riccio L., Piegari G., d'Aquino I., Salanti G. V., Miletta G., Minervini P., Paciello O.**
Macroscopic and microscopic assessment of gunshot residues in veterinary forensic pathology
