

76° CONVEGNO SISVET

PROGRAMMA DETTAGLIATO

ORAL SOCIETÀ - SIRA

ORAL SOCIETÀ - SIRA

Sala Grecale (Giulia Centre)

11.00 - 11.15

APERTURA DEI LAVORI

- **Prof. Stefano Romagnoli**

Moderano:

- **Prof.ssa Carolina Castagnetti**
- **Prof.ssa Annalisa Rizzo**

11.15 - 11.30

- **Capuano M.**

Comparison of adult buffalo use of ovsynch and p4 program during different months of the year

11.30 - 11.45

- **Carbonari A., Burgio M., Cicirelli V., Aiudi G.G., Catella C., Lucente S., Manginelli T., Camero M., Rizzo A.**

Intrauterine use of ozone at calving in dairy cow: preliminary investigations

11.45 - 12.00

- **Diaz A., Rollin B., Crovace A., Potop E., Versace S., Sanna Passino E.**

Innovative clinical experiences in the treatment of equine hypofertility

12.00 - 12.15

- **Donato G.G., Nervo T., Stella M.C., Nebbia P., Romano G., Necchi D., Poletto M.L., Scalas D., Robino P.**

The *in vitro* effect of different ozone preparations against bacteria responsible for equine endometritis

12.15 - 12.30

- **Ellero N., Lancia A., Castagnetti C., Perina F., Dondi F., Mariella J.**

Alpha-fetoprotein in foals affected by prematurity, sepsis and neonatal encephalopathy

12.30 - 12.45

- **Frau A., Edache D., Sale S., Gallo A., Franciosi F., Miragliotta V., Succu S., Bebbere D., Atzori A., Mossa F.**

Nutrient restriction during early gestation in dairy cattle impairs ovarian development in the offspring

12.45 - 13.00

- **Gaspari G., Capra E., Cretich M., Frigerio R., Cremonesi F., Lange Consiglio A.**
- MicroRNA cargo evaluation in spermatozoa from low-fertility bulls before and after incorporation of extracellular vesicles isolated from proven fertile bulls' seminal plasma

ORAL SOCIETÀ - SIRA

Sala Grecale (Giulia Centre)

Modera:

- **Prof. Giovanni Michele Lacalandra**

14.30 - 15.00

MAIN LECTURE

Assisted reproductive technologies in dromedary camel in Saudi Arabia

- **Dr. Taher Kamal Osman**

Sala Grecale (Giulia Centre)

Moderano:

- **Prof.ssa Francesco Camillo**
- **Prof. Maria Cristina Veronesi**

15.00 - 15.15

- **Monaco D., Ansar Z., Lanci A., Veronesi M.C.**

Neonatal evaluation of dromedary camel calves at birth: preliminary observations

15.15 - 15.30

- **Probo M., Elraouf A.A., Freccero F., Monaco D.**

Hematological and biochemical profile in healthy newborn dromedary camel calves from birth to 7 days of age

15.30 - 16.00

- **Lillo E., Pellegrini F., Carbonara A., Burgio M., Cicirelli V., Aiudi G.G., Mrenoshki D., Losurdo M., Tempesta M., Rizzo A.**

Oxygen/ozone gaseous mixture activity in vitro on Caprine Herpesvirus type 1 (CpHV-1), isolated from goats with vulvo-vaginitis

16.00 - 16.15

- **Moroni R., Marmorini P., Fanelli D., Melanie P., Cantile C., Passamonti F., Camillo F., Rota A., Panzani D.**

The effects of uterine ozone insufflation in mares affected by endometritis: preliminary results

16.15 - 16.30

- **Perina F., Mariella J., Ellero N., Velluti S., Freccero F., Castagnetti C., Lanci A.**

Retrospective analysis about factors associated with umbilical diseases in neonatal foals

ORAL SOCIETÀ - SIRA

16.30 - 16.45

▪ *Bucci R., De Amicis I., **Parrillo S.**, Marruchella G., Probo M., Robbe D., Carluccio A.*

A rare case of diffuse semi-placenta in a Jersey cow

16.45 - 17.00

▪ ***Tinelli S.***

Review of obstetric and gynecological observations in the career of a cattle veterinarian in Puglia region

Sala Grecale (Giulia Centre)

17.30 - 19.00

ASSEMBLEA SOCI SIRA

ORAL SOCIETÀ - SIRA

Sala Europa

Moderano:

- **Prof. Stefano Romagnoli**
- **Prof. Marco Russo**

16.30 - 16.40

- *Aiudi G.G., Buonavoglia D., **Burgio M.**, Cicirelli V., Greco G., Mrenoshki D., Tempesta M., Yusuf M.S.H.M*

Prevalence of mycoplasma canis and cynos in Italian dogs affected with reproductive failures

16.40 - 16.50

- **Bertero A.**, Rota A., Pappadia L., Banchi P., Ponzio P.

Accuracy of parturition date prediction using breed/size specific published equations in Chihuahua bitches

16.50 - 17.00

- **Calabria A.**, Stefano S., Del Prete C., Alfano M., Longobardi C., Andrzej Kosior M., Cocchia N., Gasparrini B.

Influence of crocin supplementation to the extender on canine cooled semen quality

17.00 - 17.10

- **Cocchia N.**, Calabria A., Della Valle G., Micieli F., Palumbo V., Del Prete C., Gasparrini B.

Perioperative inflammatory response in dogs following classical and laparoscopic elective ovariectomy: preliminary study

17.10 - 17.20

- Spada S., **De Felice D.**, Del Prete C., Calabria A., Russo M.

Long term effect of gonadectomy on the ultrasonographic appearance of canine prostate gland: a preliminary study

17.20 - 17.30

- **Del Carro A.**, Bertero A., Colitti B., Bertolotti L., Rota A.

Maternal shaping of puppies' faecal microbiota

17.30 - 17.40

- Pecile A., Pizzi G., Mazzola B., Bronzo V., Giussani E., **Groppetti D.**

Any difference in tobacco smoke uptake between pregnant and non-pregnant bitches?

17.40 - 17.50

- **Del Prete C.**, Merlo B., Calabria A., Spada S., Iacono E.

Effect of aqueous extract of Maca on the quality of frozen-thawed canine semen

ORAL SOCIETÀ - SIRA

Sala Grecale (Giulia Centre)*Moderano:*

- **Prof. Giuseppe Quaranta**
- **Prof. Marco Quartuccio**

08.30 - 08.45

- **Burgio M., Carbonari A., Angelucci S., Di Tana F., Cicirelli V., Aiudi G.G., Sciorsci R.L., Rizzo A.**

Vasectomy in captive red deer (*Cervus elaphus*) and roe deer (*Capreolus capreolus*) as management tool of non-releasable wildlife

08.45 - 09.00

- **Cicirelli V., Carbonari A., Burgio M., Aiudi G.G., Giannini F., Rizzo A.**
- Ovariectomy in Mouflons (*Ovis aries*) in the Field: Application of Innovative Surgical Technique in midline versus flank approach

09.00 - 09.15

- **Lauriola F., Di Iorio M., Rusco G., Letizia Lerza L., Schiavitto M., Iaffaldano N.**
- Preliminary results on the semen characterization of Italian rabbit breeds

09.15 - 09.30

- **Pelizzone I., Vetere A., Bigliardi E., Bresciani C., Di Ianni F.**
- Use of alfaxalone and dexmedetomidine for laparoscopic spaying of red-eared sliders (*Trachemys scripta elegans*) a pilot study

09.30 - 09.45

- **Vetere A., Pelizzone I., Bigliardi E., Masi M., Rizzi M., Leandrin E., Di Ianni F.**
- Endoscopic egg removal in four dystocic leopard geckos (*Eublepharis macularius*)

Sala Grecale (Giulia Centre)*Moderano:*

- **Prof. Antonio Mollo**
- **Prof.ssa Alessandra Rota**

10.30 - 10.45

- **Fusi J., Bucci R., Pividori I., Faustini M., Prandi A., Veronesi M.C.**
- Mid and term pregnancy IGF-I and NEFA concentrations in fetal fluids of queens: preliminary results

10.45 - 11.00

- **Bracco C., Gloria A., Contri A.**
- Elastography as a tool to predict the testicular function in the dog

ORAL SOCIETÀ - SIRA

11.00 - 11.15

▪ **Lasciafari P.**, Manetti C., Tesi M., Fanelli D., Rota A.
Prediction of whelping date in Jack Russell Terrier

11.15 - 11.30

▪ **Marino G.**, **Di Giorgio S.**, Giambrone G., Mazzullo G., Fassati A., Sfacteria A.
Immunoediting of canine transmissible venereal tumour during regression

11.30 - 11.45

▪ **Marino G.**, Pecchia F., Monti S., Di Giorgio S., Catone G.
Prenatal diagnosis of twinning in dogs and cats

11.45 - 12.00

▪ **Siena G.**, Romagnoli S., Drigo M., Contiero B., Di Nardo F., **Milani C.**
Ultrasonographic monitoring of canine fetal gastrointestinal motility during the last ten days of pregnancy

12.00 - 12.15

▪ **Contato G.**, Pereira M.C., Schrank M., Franzoso A., Sarnicola A., Romagnoli S.
Post-surgical ultrasound suture assessment following small animal reproductive surgery

12.15 - 12.30

▪ **Siena G.**, Di Nardo F., Romagnoli S., Contiero B., Banzato T., Mollo A., Milani C.
Canine fetal kidney parameters to monitor fetal development during the last 10 days of pregnancy

Sala Grecale (Giulia Centre)

Moderano:

- **Prof.ssa Gaia Cecilia Luvoni**
- **Prof. Calogero Stelletta**

14.30 - 14.45

▪ **Albrizio M.**, Desantis S., Guaricci A.C., Cinone M.
Expression of heat shock proteins 60, 70, 90 in equine granulosa cells

14.45 - 15.00

▪ **Podda A.**, Nieddu S., Maltana A., Leoni G.G., Satta V., Martino NA., Dell'Aquila M.E., Bogliolo L.
Effects of combined exposure to heat and cadmium on in vitro maturation of ovine oocytes

15.00 - 15.15

▪ **Colombo M.**, Mascaro A., Fusi J., Luvoni G.C.
Melatonin promotes the in vitro maturation of cat vitrified oocytes

ORAL SOCIETÀ - SIRA

15.15 - 15.30

- *Podda A., Mongelli I., Manchisi M., Leoni G., Bogliolo L., Dell'Aquila M.E., Martino N.A.*

Assessment of polystyrene nano- and microplastic (NMPs) uptake in in vitro exposed cumulus-oocyte complexes

15.30 - 15.45

- *Martino N.A., Mongelli I., Bogliolo L., Temerario L., Mastrorocco A., Lacalandra G.M., Dell'Aquila M.E.*

Gene expression analysis in cumulus cells of IVM ovine oocytes: prepubertal versus adult comparison

15.45 - 16.00

- *Mastrorocco A., Vurchio V., Temerario L., Martino N.A., Lacalandra G.M., Bogoglio L., Dell'Aquila M.E.*

Effects of DI-(2-ethylhexyl) phthalate and cadmium mixture during ivm on prepubertal sheep oocyte nuclear maturation and bioenergetic/oxidative parameters

16.00 - 16.15

- *Mastrorocco A., Cacopardo L., Lacalandra G.M., Minervini F., Dell'Aquila M.E.*

Three-dimensional female reproductive in vitro toxicity test: effects of the mycotoxin Beauvericin

16.15 - 16.30

- *Mrenoshki S., Visci G., Notario E., Marzano M., Martino N.A., Mastrorocco A., Temerario L., Corrente M., Mrenoshki D., Lacalandra G.M., Pesole G., Dell'Aquila M.E.*

Cultivation and identification of microbiota in sheep follicular fluid

16.30 - 16.45

- *Temerario L., Mastrorocco A., Martino N.A., Cseh S., Lacalandra G.M., Ciani E., Dell'Aquila M.E.*

Developing a Gentile di Puglia local sheep breed germplasm cryobank: vitrification of prepubertal immature cumulus-oocyte complexes
